10<sup>th</sup> November 19:00

1. Approval of Agenda.
  - a. Approved
2. Messages from Zlatko
  - a. Missing things from the Kitchen
    - i. Should be distributed by the end of this month.
  - b. 11<sup>th</sup> floor
    - i. Some of the rooms couldn't be accessed on the 9<sup>th</sup> of November. Room 1-7 lost the connection so the locks didn't work. They'll be fixed tomorrow.
  - c. Lifts
    - i. One of the lifts is partially missing some of the red light – it will be fixed
    - ii. People jam paper in the lifts on floor zero – this breaks the lifts.
  - d. Cigarettes
    - i. It is STILL a problem that people throw them everywhere. It has now caused damage to a car. It also looks messy and is an annoyance to the lower floors.
    - ii. Please talk to all the smokers on your floors and ask them NOT to throw anything out. If it does not get better we risk having to throw people out if they do smoke.
    - iii. Some also smoke in their rooms – this starts a small soundless alarm that Zlatko gets a notification about. If this gets just a little worse it might start an actual fire alarm – which they will have to pay for.
  - e. Noise
    - i. The last few weekends there have been several incidents with a lot noise and complaints about this. Make sure to be considerate, even before the time limits.
  - f. Garbage in the lobby
    - i. People are throwing bottles, paper and mail on the floor. Please don't do that. Put it in the garbage chute or recycling.
  - g. Bike parking
    - i. The indoor parking on floor 0 is only for the Campus bikes. If you have a not Campus bike it can be placed in the basement.
    - ii. If it is placed outside be aware that it might be stolen, knocked over by the wind etc.. Please don't park it close to any doors.
    - iii. Please talk to your floormates and ask if they have more than one bike or maybe a friends bike here – if so, please try to find somewhere else for them.
  - h. Motorcycles and scooters
    - i. are NOT allowed to be parked inside.
  - i. The small lamps above the stove
    - i. They have a very low burning time – 150hours. This means they often die. Try to turn them off when you are not using it.

- j. Inspections
  - i. There will be another inspection on the 15<sup>th</sup>, 16<sup>th</sup> and 17<sup>th</sup> between 8 and 16. Some rooms have already been notified that they will inspect them, but they would like to have 2 volunteering rooms on each floor. Please let Zlatko know what rooms they can access. Only if you can find any volunteers.
- k. Cleaning on floors
  - i. REMEMBER to keep the balconies completely clear! They are fire escapes.
  - ii. All the corridor must be kept clear! No bikes, pianos, boxes, plants and such can be in there. The furniture that belongs in that area should be in a specific place – look at the plan-drawing.
    - 1. Zlatko will give the 5<sup>th</sup> floor a new fire escape plan.
  - iii. The rooms behind the lifts MUST BE TIDY!! Make sure that there is nothing in there by Monday the 14<sup>th</sup> from 7am Zlatko will do inspections on each floor.
  - iv. There will now be a weekly inspection on each floor. If Zlatko finds anything out of place he will put a note on it saying it should be moved. If it is still there a few days later he will have it removed and cannot promise that you can get it back.
- l. Freezers
  - i. They are still on their way! Don't worry – Zlatko is working as fast as he can.
